1. Preamble

This document outlines the requirements for registration in the International Baccalaureate Organization (IBO) system as well as the internal progression from Grade 11 to Grade 12.

2. Internal transition from grade 11 to grade 12

2.1 Limits in grades

To progress to Grade 12 (including registration for the IB Diploma Programme with the IBO), students must achieve a minimum number of points on their Grade 11 report card.

The following regulations apply:

Points on Report Card at the end of Grade 11	Consequences
0 - 17	Not eligible for admission to Grade 12
18 - 23	Mandatory counselling meeting to discuss the possibility of repeating Grade 11
24 - 42	Eligible for admission to Grade 12

3. Registration for the final exams

3.1 Missing Deadlines

If the final submission of an Internal Assessment (IA) or the Extended Essay (EE) is not completed by the deadline set by the school, the student will not be registered for the examination session concerned. Consequently, the student will not be able to obtain the IB Diploma at DISR.

If the student has already been registered for the examination session, the registration will be withdrawn.

3.2 Violating the Academic Integrity

If a violation of the school's Academic Integrity Policy is identified (see **DISR Academic Integrity Policy**, June 2026[1]), the student will not be registered for the corresponding examination session and therefore will not be awarded the IB Diploma.

If the student has already been registered for the examination session, the registration will be withdrawn.
